**Nexus Boarding House**

Discover your room  
to grow.

# Nexus

# Boarding House

Opened in October 2011, the Nexus Boarding House is home to over 60 boarders from Malaysia, China, Korea, India, Japan, Bangladesh, and Vietnam. Nexus Boarding provides learners with a supportive community, multicultural environment, and balanced programme that aims to nurture boarders to be independent and respectful of others.

At Nexus Boarding House, learners are given the freedom and space to excel and gain life skills that will hold them in good stead. So, wait no more; apply now to discover your room to grow!

## Get more than a place to stay.

Nexus Boarding House continues to nurture learners even after school. Alongside fellow Nexus learners, boarders will follow a progressive international curriculum that is designed to challenge young minds and build a global mindset. All boarders will enjoy a culturally diverse environment and a new living experience.

# More life experiences, more life skills.

While academic excellence is vital, we believe that a complete education must also include creative, physical, and moral lessons. The life experiences at Nexus Boarding House serve as a platform for personal growth and discovery. Boarders' experiences include:

- **Routine activities** such as keeping a room tidy, doing laundry, and more.
- **After-school activities** that include playing in a sports team, helping as a team manager or joining the School Council.
- **Weekend activities** such as bowling, sailing, bike riding and go-karting.
- **Peer-to-peer camaraderie** including baking a cake for a friend's birthday or helping with homework

# More guidance, more nurturing.

A nurturing and supportive environment is our promise to every boarder. Each floor is home to a resident House Parent who oversees the pastoral and social welfare of the boarders. Our dedicated team is always on hand to listen to any concerns and to offer support. With care and respect as part of our philosophy, boarders can count on us to be there for them every time.

# More facilities, more adventures.

Nexus Boarding House is home to a variety of facilities which learners are able to utilise. It encourages boarder to pursue healthy interests beyond schoolwork. The facilities include:

## **Resident Services:**

- Stocked kitchenette on each floor
- Recreation area for conversations, music, reading and more
- Common room for games (pool table, table tennis and more)
- Hi-speed Wi-Fi
- On-site laundry services
- Full access to school's facilities (sports hall, library, swimming pool and more)
- 24-hour security system

UNIVERSITY  
BOARDING HOUSE

# Security and Medical Centre.

A security guard is permanently assigned to boarding. The parameter of the boarding house is covered by CCTV as is the entrance to the ground floor and the lobbies of the other floors.

There is a resident Matron in the boarding house whose primary role is to take care of the boarders when they need medical assistance. If a boarder is ill, they will be sent back to boarding to be looked after by the Matron.

## Pastoral Care

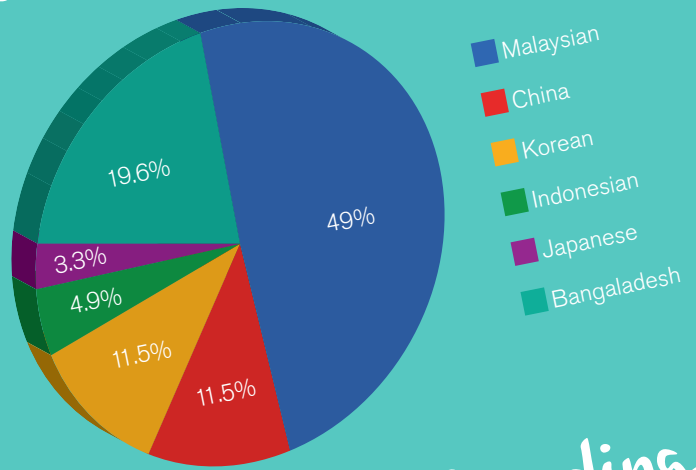

There are four floors of accommodation for the boarders with a houseparent living on each floor alongside the boarders. The houseparent develops a strong relationship with the boarders and has the most contact with them on a daily basis. Therefore, the houseparent is the first point of contact should parents want to check on the progress or well being of their children.

The boarders are surrounded by an enthusiastic and committed group consisting of the houseparent, Matron, and the Director of Boarding. The boarders have the opportunity to talk to anyone in this triangle should they have any concerns at all

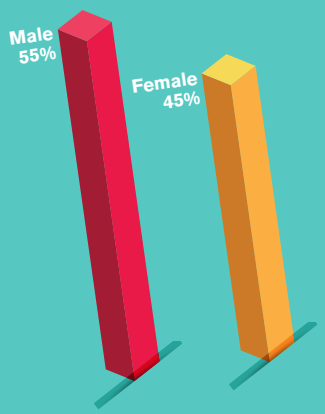

# Nationality Breakdown

# No. of Boarders in Boarding House

- 7.00am **Wake up**
- 7.30am Breakfast
