

Nexus Boarding House

Discover your room
to grow.

More facilities, more adventures.

Nexus Boarding House is home to a variety of facilities that make the lives of our boarders more comfortable. At the same time, these options encourage boarders to pursue healthy interests beyond schoolwork.

Resident Services

- Shared and individual rooms
- Stocked kitchenette on each floor
- Recreation area for conversations, music, reading and more
- Common room for games and socialising (with pool table, foosball table, table tennis and more)
- TV room
- Hi-speed wifi
- On-site laundry services
- Full access to school's facilities (library, tennis courts, football field, swimming pool, basketball and badminton courts, music room and more)

Safety

- 24-hour security system

More guidance, more nurturing.

A nurturing and supportive environment, led by the Director of Boarding, is our promise to every boarder. Each floor is home to a resident House Parent who oversees the pastoral and social welfare needs of a boarder. Our dedicated team is always on hand to listen to any concerns and offer advice. With care and respect as part of our philosophy, boarders can count on us to be there for them every time.

Get more than a place to stay.

Nexus Boarding House continues to nurture learners even after school is out. Along with their fellow Nexus learners, boarders will follow a progressive international curriculum that is designed to challenge young minds and build a global mindset. They will be immersed in a nurturing and stimulating environment that promotes personal growth and builds crucial life skills. Boarders from across Malaysia and all around the world will enjoy a culturally diverse environment. Welcome to a new living experience.

More life experiences, more life skills.

Academic excellence is important. However, we believe that a complete education must also include creative, physical and moral lessons. That is why the life experiences at Nexus Boarding House serve as a platform for personal growth and discovery. Each day is filled with activities to help a boarder naturally develop life skills such as independence, responsibility and teamwork as well as social and problem-solving skills. At the same time, boarders will go on to form enduring friendships with like-minded individuals, all in a safe and caring environment.

Boarders' experiences include:

- Routine activities such as keeping a room tidy, doing laundry, following a schedule, managing time, sharing community spaces and more
- After-school activities that include playing in a sports team, helping as a team manager or coach, taking part in Model United Nations activities, debating or joining the School Council
- Weekend activities such as bowling, walks, movies, go-karting, sailing, bike riding, drama and music
- Peer-to-peer camaraderie including baking a cake for a friend's birthday, learning to recycle, helping fellow boarders with homework and much more

Stay at Nexus Boarding House today.

All Nexus International School learners aged between 10 and 18 years are welcomed to stay with us and find their room to grow.
